**HB 2238 - SB 2197**

February 10, 2022

**FISCAL IMPACT:**

**NOT SIGNIFICANT**

Assumptions:

- Pursuant to the proposed legislation, each manufacturer that is a party to an alternating proprietorship agreement must maintain a room or separate area that is exclusively occupied by the manufacturer and is not alternated with another manufacturer.
- Pursuant to the proposed legislation, each manufacturer seeking approval for an alternating proprietorship agreement must submit to the Alcoholic Beverage Commission (ABC) a description of the areas and resources that will alternate between manufacturers, diagrams of the parts of the general premise that will not be altered, a copy of the written alternating proprietorship between manufacturers, and an acknowledgement from each manufacturer that accurate records will be maintained.
- The legislation allows only one manufacturer, who must be the property owner or primary lessee, to exercise the retail rights and privileges provided.
- ABC will be able to implement the requirements of this legislation within existing resources.
- Allowing manufacturers to enter into an alternating proprietorship agreement will not affect the revenue raised from the taxes and fees the manufacturers are required to pay; therefore, the fiscal impact to state and local government is considered to be not significant.
